Dear Blizzard Entertainment,

I am writing to express my enthusiasm for the Gameplay Animator position at your studio. Blizzard's mission to create immersive experiences that inspire and unite players, is something that I am looking for. The artistry and attention to detail in *World of Warcraft*, *Diablo*, and *Overwatch* have shaped my journey as an animator, and I would be honored to contribute to that legacy.

Blizzard's games have shaped my understanding of storytelling and animation excellence. From *Diablo's* dark, gothic atmosphere to *Overwatch's* futuristic landscapes, their animation continues to redefine 3D visuals. The level of polish in artwork is truly remarkable and Blizzard has consistently pushed the boundaries of what's possible. The studio's mastery of animation, color, lighting, and cinematic storytelling continues to set the gold standard.

As a senior animation student, I have honed my skills in character animation and performance. One of my most rewarding projects was animating gameplay sequences for *Rabies*, a student-developed game featuring experimental rodents with a psychotic nature, hunted by robotic enemies. I animated the character's *Toni the Rat* and *Tex the Possum*, and have featured them as a part of my game reel. I dedicated countless hours to shooting references, refining my animation in Maya, and polishing every detail. Presenting my work to my professor and peers was an exhilarating moment that reinforced my passion for animation and my commitment to crafting compelling, emotionally resonant performances.

I have been an avid viewer of cartoons and games since I was a child and love working in teams. My passion for creativity, motivation to work, commitment to excellence, willingness to learn, and discipline towards work performed are attributes that align with Blizzard's core values. As I enjoy motivating players into becoming great achievers through games and animation and assisting the less fortunate in new ways to give back, I would be a great fit for your animation program.

Once again, it would be an amazing opportunity to join Blizzard Entertainment. Animation and games have allowed me to invest in a world of possibilities and my resolute desire to take the initiative and offer high-quality work will prove beneficial to your organization. Thank you for your time and consideration. I hope to hear from you soon.

Sincerely,
Jaden Medina
