Insomniac Games  
2255 N Ontario St, Burbank,  
CA, 91504

Dear Insomniac Recruiting,

I am applying for the summer 3D Animation Intern position at Insomniac Games in Burbank, CA

Being an intern for Insomniac Games would mean being a part of a studio that wants to leave a long impression on their players with excellent story telling, fun and engaging gameplay, and high quality animations. In Marvel's Spider-Man the cinematics feel carefully crafted, with high action and emotions and the gameplay has super clean animations as Spider-Man parkours over obstacles, swings through New York city, and takes down criminals, i would love to be a part of the process that brings these engaging stories and characters to life.

I would be a great asset to the Insomniac Games Animation team because i can animate gameplay set know how to clean up Mocap data, I'm open to receiving constructive criticism, currently at the start of class we group up as a class and go over each others animations and give and receive constructive criticism to ensure we all grow our skills as animators.

Wanting to lean and grow as an animator, and my ability to receive and give feedback makes me a great choice for the Summer Animation Intern position at Insomniac Games, looking forward to your response. Thank you for your time

Sincerely,  
Joshua Rodriguez
