Obstacle Course Final Grading Checklist | *Motion Capture for Animators* | Fall 2024

Deadline: September 17, 2024 before start of class

Criteria	Description	Points
Story Mode Blend	MoBu story mode was effectively used to blend all the animation clips. The blend is smooth and is not noticeable.	25
Keyframe Management	Foot sliding, timing changes and glitches/hitches are cleaned up. There are no apparent pops.	30
Additional Animation	Layers were utilized to add additional animation to enhance the scene. (Extra foot steps, overshoots, anticipation before the ending landing, etc.)	35
File Management	Student submitted the final pass as a syncsketch link on the forums on time. This syncsketch link should include a side and 3/4 view. The syncsketch link should have ALL the work in progress passes in addition to the final pass.	10
